

# Halal Menu Options

**All-you-care-to-eat venues: Plaza 900, The MARK on 5th Street and The Restaurants at Southwest**

You can find the menu listings for halal meats, vegetarian and vegan options on the Zoutrition website ([zoutrition.missouri.edu](http://zoutrition.missouri.edu)) for rotating menu cycles at these locations.

Please note that all menus and options are subject to change based upon availability, manufacturer formulation and equipment. If an item is fried, it may have been cooked on shared equipment. You can speak to the staff at the dining location to find out whether a fried option (such as fish, falafel, potatoes, cheese ravioli) can be made to order in a fryer that has not contained meat.

**Mort's**

All grilled or fried chicken is halal. Fries are made in their own fryer. Ordering cheese on your sandwich may result in the meat touching the grill that is not halal. Avoid cheese or ask for it to be on the side of your sandwich. Cheese sauce, Beyond Smash Burgers (with or without cheese) and sauces are all halal options.

**Baja Grill**

Shredded beef- or bean-customizable items are halal. All varieties of quesadillas are made on shared equipment so crossing of meats may occur. Tacos, nachos and burritos are all made in their own containers.

**DoMundo's/MU Student Center Pizza**

Pizzas may experience cross contact with pork in the ovens. Sides at Do Mundo's are all vegetarian. No halal meats are available at this location.

**Savor Kitchen**

Any bowl made with lamb kofta, veggie meatballs or falafel is halal. The vinaigrette contains red wine vinegar.

### **Pizza & MO**

Pizza cheese may contain animal rennet. Vegan cheese is available on any pizza. Classic crust pizza is made in a shared oven, to avoid this, order the vegan/gluten-free crust. Add meatballs to any pasta for a halal-friendly meat option.
